Dear Willie:

I just received your wire and am hastening to write you, because we really have none too much time.

I want to know from you who to send the placards to. Abe has me under the impression I send the Portsmouth cards to Joe Louis, and The Norfolk cards to you. Who will I send The Newport News cards to? PLEASE answer me right away, because mail travels very slowly now, and the cards have to be ordered, and shipped, and distributed.

You may have read in the papers we are in second place just a game behind the Grays, and are playing them here in Newark this coming Sunday July 2nd. All four top teams are very close together. The Grays, Eagles, Cubans and Elites. Most all the colored papers are carrying the stories so look for them.

Please answer me right away about who to send the cards to. What prices are they charging? send the names of the park and time of game. Do you have any tickets? I will be looking to hear from you right away.

Sincerely
